ACCOUNT MANAGER GUIDE

Once you are logged in, click on the icon in the top left corner of the page.

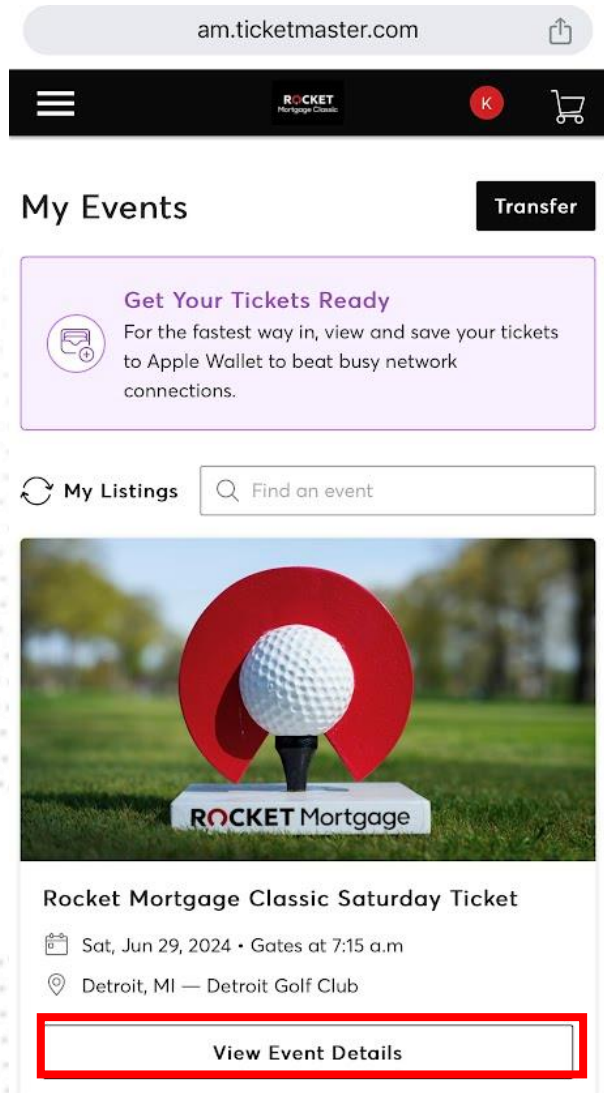

Select "Manage Tickets."

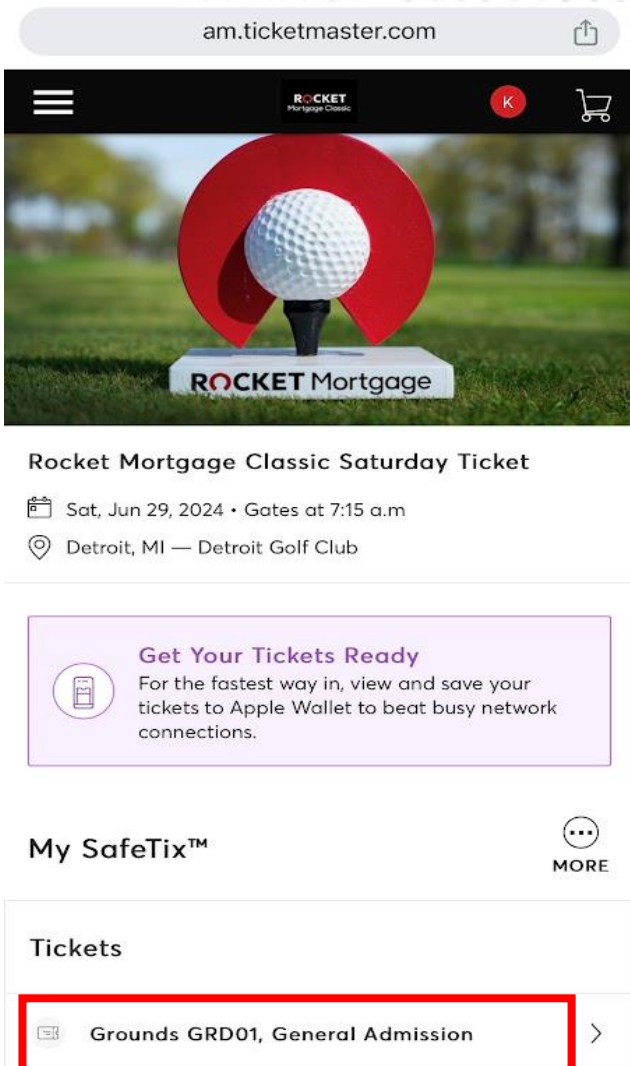

ACCOUNT MANAGER GUIDE

Click on the event day that you wish to access and click on "View Event Details"

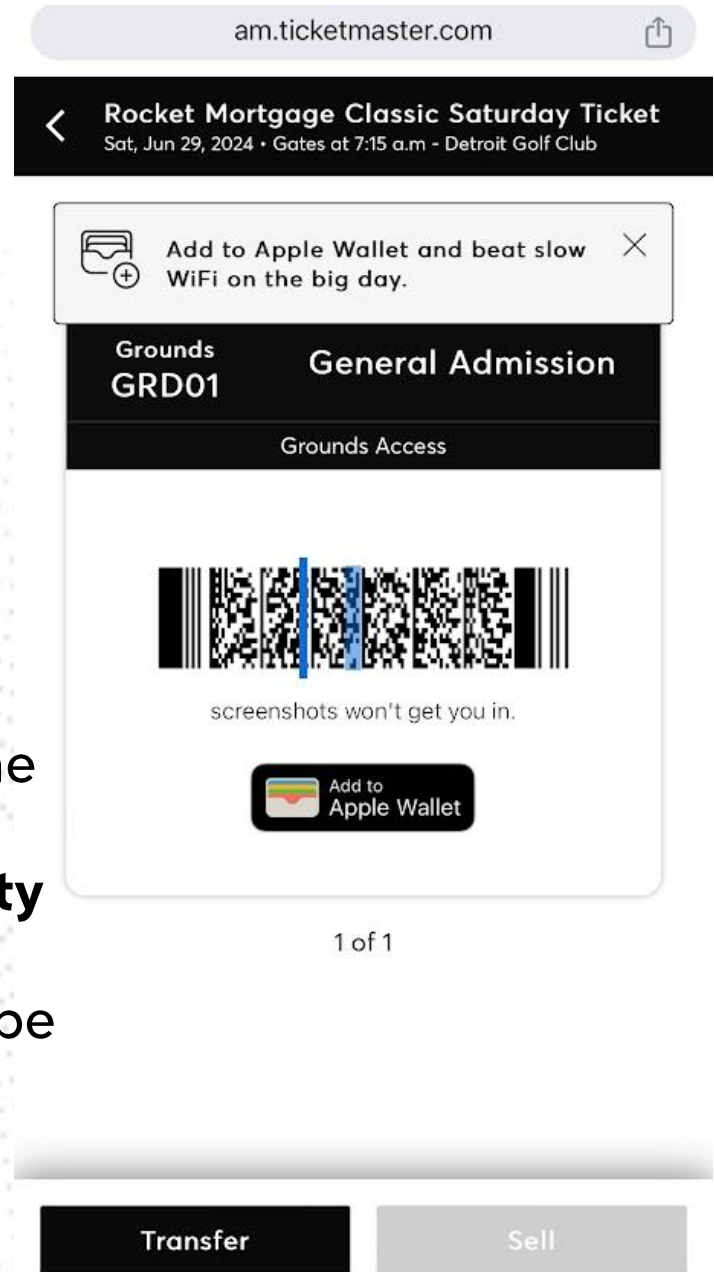

Select the ticket that you wish to pull up to show the rotating barcode or add to your phones' mobile wallet.

ACCOUNT MANAGER GUIDE

After you select your desired ticket, a barcode will be displayed. If you have multiple tickets for that day, swipe side-to-side to access all your ticket barcodes, or hit the carrot on the side.

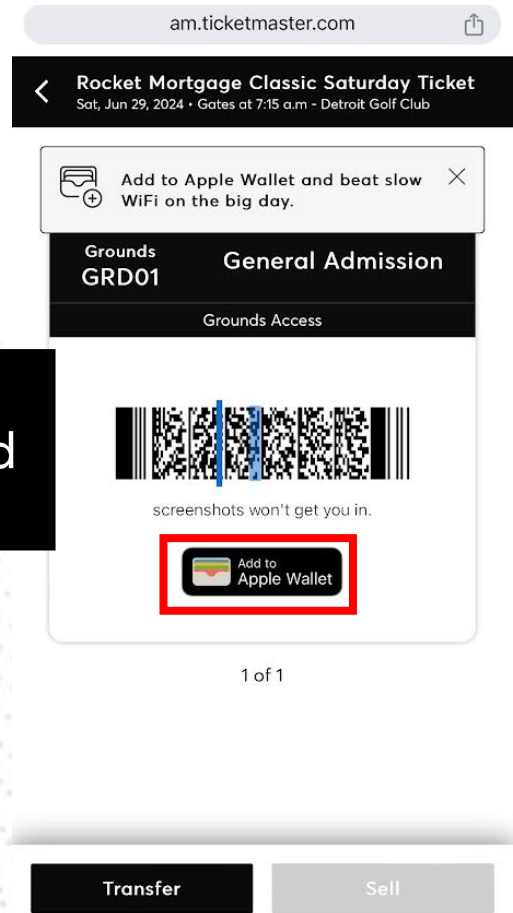

Present the barcode(s) on your mobile device to be scanned at the **tournament entrance** for admission. If you have a **hospitality ticket**, you will also be asked to present your ticket barcode(s) to be scanned for admission into the **hospitality venue**.

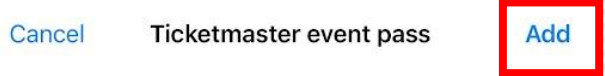

TIP: We recommend that you click "Add to Apple Wallet" for iOS devices or "Save to Phone" for Android devices prior to arrival at the tournament for quicker access. Once arriving on site, simply go to your phone's wallet to access your tickets. **Please note**—for all to be saved to your phone's wallet, you may need to do this for each ticket you have.

ACCOUNT MANAGER GUIDE

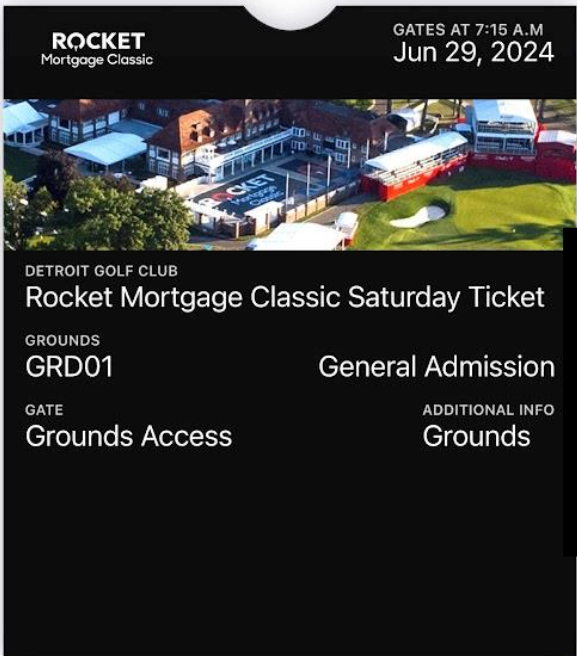

Click "Add to Apple Wallet" or your phones corresponding mobile wallet.

TIP: If the "Add to Wallet" button does not appear, rotate your phone horizontally, and it should appear.

You will then be directed to a page with your ticket. Please make sure you click "Add" at the top right corner of your screen.

Your tickets will now be in your mobile wallet and remain there and be accessible at any time. If you purchased tickets for multiple days, repeat the steps for each day's tickets.
